PUBLICATIONS BY NURSING STAFF

In recognition of National Nurses Week, congratulations to all Boston Children’s Hospital nurses who have published between May 2014 and April 2015. This list, which is compiled by the Boston Children's Hospital Library, is organized by publication type and then alphabetically by journal/book title. Only Boston Children’s Hospital nurse authors are listed and first authors are recognized with an asterisk. There are links provided for the full-text of the articles which are accessible through the BCH Library (you will need to be on VPN or a BCH computer to access the full-text). Please contact the librarian (Alison.clapp@childrens.harvard.edu) to report any omissions or corrections.
